

Waiver Request
Form 471 Application # 933507
Entity # 13723

April 11, 2013

To whom it may concern:

This letter is requesting a waiver of the deadline for filing the 471 due to extenuating circumstances. There was a change in employment and task responsibilities for this responsibility right before the deadline. It was initially thought that the application had taken place but soon thereafter came clear it hadn't. I called the contact number and spoke with a gentleman named Matt (case #22-472-462) who instructed me to follow the waiver request process once the Form 471 was completed. Please consider the application for funding.

Sincerely,

Mr. J. March
