

Dear Sirs,

This is to request a serious consideration of the FACT that there are ENTIRELY too many COMMERCIALS on ALL stations. I feel we are paying to watch commercials rather than shows. I have counted at least 20 different commercials on every TV show I watch. This is ridiculous! We are actually watching more sales pitches than anything else. It is BORING..... Please, Please, Please cut them down.

While discussing this concern with other people, I've learned that they too feel there are entirely too many commercials.
