

I am completely opposed to loosing the regulations on public television. I will not support any network that allows cuss words especially the f-word. I oppose all nudity on television as well as partial nudity both on television and in any movie that is being produced and I do not support those movies.

LET PEOPLE SEEK IT OUT IF THEY WANT TO SEE OR HEAR IT. BUT DON'T FORCE IT UPON THOSE THAT DO NOT. You are dealing with very tender minds and if we allow these things to happen then we are affecting their minds and stimulating them in a very wrongful way or de-sensitizing them to profanity and slurs that degrading, harmful, bais, racial, etc.
