

I oppose changes that would increase any more nudity and/or expletives. Enough with the blasting of young innocent minds with porn! I have EVERY right as anybody NOT to be inundated with visually offensive pictures. I am not naive knowing that this industry will not go away. I request pornography be removed entirely from public venues where any minor or person who does not wish to participate can have their freedom from porn. Please create a specific media especially for those seeking porn. Allow us to raise our children as innocent as we can in today's world. Please take into consideration our rights and freedoms.

I AM PLEADING WITH THOSE CONCERNED, PLEASE ALLOW OUR INNOCENTS TO HAVE THE FREEDOM OF AN INNOCENT CHILDHOOD.
