

I'm writing to express my concern and disapproval of indecency standards that would allow radio and TV to broadcast additional verbal profanity and nudity on the public airwaves. I do know that the FCC has the authority to enforce policies regarding vulgarities. Expletives and nudity are not appropriate for minors and in my opinion corse our culture. Relaxing the current policy would not serve the public interest. Please reject all proposals that would allow these things. I make this request with the highest regard for your service. Thank you.
