Re: Public Knowledge Letter to the FCC, WC Docket No. 12-375

Dear Clarissa:

I am contacting you on behalf of Securus Technologies, Inc. (“Securus”) and myself as attorney for Securus.

We have reviewed the letter that you filed on March 7, 2013, in the above-named docket. Please provide evidence, in some recorded or memorialized form, to support this statement that appears on Page 2 of that letter:

“Nor have the carriers responded to invitations to engage in dialog from the Wright Petitioners addressed to counsel for Securus.”

Because you made this statement, I put this request to you. To the extent that you rely on evidence from some other party or parties, please provide that evidence as well.

Securus and I take this matter very seriously. Please provide the requested evidence by 5:00 pm Eastern on Friday, April 19, 2013.

Sincerely,

s/Stephanie A. Joyce
