

I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves, even if brief or "fleeting."

If anything the FCC should crack down on so much nudity that is currently on the TV today, what ever happen to the Family Hour that was in place? Television today is the #1 problem why our children and families are falling apart.

Relaxing the current policy would not serve the public interest and I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.
