Re: Notice of Oral *Ex Parte* Presentation
Facilitating the Deployment of Text-to-911 and Other Next Generation 911 Applications, PS Docket No. 11-153; Framework for Next Generation 911 Deployment, PS Docket No. 10-255

Dear Ms. Dortch:

On April 16, Thomas Ginter and Kim Scovill of Telecommunication Systems ("TCS") met via telephone with David Furth of the Commission to discuss matters relating to the above-referenced proceedings.

The parties discussed the operations of various over-the-top ("OTT") messaging software systems and the ability of each type of OTT system to deliver a text-to-911 message to a public service answering point, based on TCS's experiences with actual text-to-911 deployments. The attached slides were provided and contain the substance of the discussion.

Please feel free to contact the undersigned if you have any questions.

Sincerely,

TELECOMMUNICATION SYSTEMS, INC.
Kim Robert Scovill
