

My wife and I have 3 children ages 8, 6, and 2. Our house is currently a safe haven for them from the cares of the world. I realize this will inevitably change as they grow older and are influenced by friends and media more than they are now.

However, there is no good reason why they should be exposed to even more vulgarity and nudity than is already broadcast over our public airwaves. For those that seek it, let them look and find it. For those of us that do NOT seek it, please allow us the opportunity to not have it forced upon us.

Be decent. For the sake of my children, please.
