

I am very concerned with your proposal to remove the constraints allowing offensive language and nudity on television during prime time viewing periods. I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves. Relaxing the current policy would not serve the public interest and I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations

Thank you in advance for your attention to this issue.
