

Please do NOT allow network television and local radio stations to air the f-word, the s-word and to allow programs to show frontal female nudity during any hours of the day or night! This is a horrible decision and goes against all levels of decency! There are still some shows that I enjoy watching but if this is implemented, I will not. This type of language is not part of my vocabulary and I do NOT appreciate having to hear it especially unannounced or unexpectedly!! I certainly do not appreciate seeing a naked woman (partially or completely)!!! Your organization was established to set guidelines that are decent and allowing this type of programming destroys those guidelines completely!
