Principal David J. Rhees

Secretary Rienie Vigil

19 April 2013

Dear FCC,

I am a career elementary school principal.

Please **do not relax the enforcement of the current rules forbidding profanity and nudity in primetime broadcasts.**

Relaxing enforcement places the young people of our nation at great risk. Movies are given a rating and tickets must be purchased to gain entrance.

Placing the same type of content in PG-13 movies or R movies over the airwaves means many unsupervised young people will have accidental exposure to said content.

It is not in their best interest. Adults seeking access to "adult content" entertainment can continue to get access without placing our young people at risk.

I strongly oppose relaxing the **enforcement of the current rules forbidding profanity and nudity in primetime broadcasts.**

Respectfully,

David J. Rhees

Principal, North Ogden Elementary
