

I am totally against any policy that would allow network TV and radio stations to transmit inappropriate language and to show full frontal female nudity at ANY hour of the day or night.

In the end times the Bible records that "good will be considered evil and evil good."

Seriously, to each individual person involved in this decision making process- which side of this prophecy do you want to be found on? God loves YOU, but He is a just God who hates evil. That will not change. Please do not allow this injustice to take place. People's hearts have become hardened enough by what they see and hear on TV as it is. And sad to say, many children don't have a choice on what they can watch or listen to at home but that doesn't mean you can't continue to help control that for them.

Thank-you.

John 3:16 "For God so loved the world (people) that He gave His only begotten Son that who ever believes in Him shall not perish but have everlasting life."
