I am submitting an appeal for the St. Bernards Central Catholic School for missing the Form 471 filing date of March 14, 2013. We were waiting to file Form 471 until we received the final contract for eChalk which we received on March 14, 2013. We attempted to fill out the Form 471 online and was repeatedly booted off the system during our attempts. Last year we did not receive the current contract from eChalk in time and attempted to file the remainder of the services received without the new eChalk contract in place but instead submitted the previous years' contract which was not accepted. We appealed last year to reverse this decision but was denied. We did not want to experience the same circumstances so we waited for the new contract and were unable to get the filing done in time.

We are asking that you reconsider extending the submission for Form 471 which we have filed after March 14, 2013.

Thank you for your consideration, this is a critical service that the school cannot afford without SLD support. If our appeal is denied, we will not be able to afford email and Internet for our students and teachers.

If you have any questions, please do not hesitate to contact me at the number/email above.

Thank you,

Alexander Urrea
