Re: TelePuente, LLC
Negotiations Status Report
IB Docket No. 10-95

Dear Ms. De La Torre:

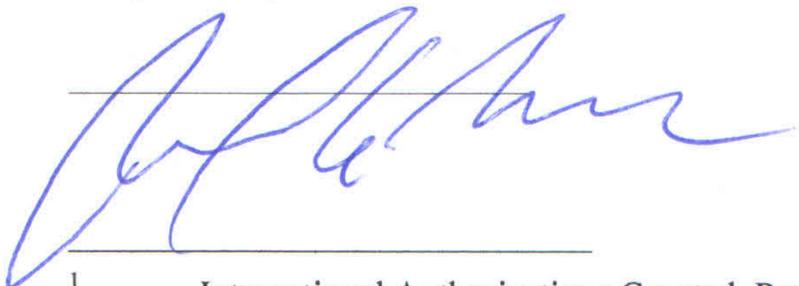

TelePuente, LLC (“TelePuente”), hereby submits this status report on its negotiations regarding the provision of communications services to Cuba.

On January 23, 2013, the International Bureau released a Public Notice granting TelePuente authorization to provide facilities-based service to Cuba.¹ In the same Public Notice, the Bureau acknowledged that TelePuente had agreed to accept the terms and conditions for a waiver of the Federal Communications Commission’s benchmark rate applicable to Cuba set forth in the Commission’s April 8, 2011 Memorandum Opinion and Order.² One condition of this waiver was that TelePuente must negotiate a written agreement for the provision of service to Cuba and “report to the International Bureau the status of its negotiations every 90 days after the effective date” of the waiver.³

TelePuente reports that it has commenced discussions related to the provision of international communications services to Cuba pursuant to the terms of the Waiver Order. TelePuente maintains regular contact with the Cuban parties, and these discussions are expected to lead to future negotiation of a written agreement, as required under the Waiver Order.

Please let me know if you have any questions about this report.

Respectfully submitted,
