

I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airways, even if brief or "fleeting". Relaxing the current policy would not serve the public interest and I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations. I think there is already too much shown on TV relating to violence, drugs, nudity, sex, and other negative things that is leading our country to killing each other and hatred and violent acts against our country.
