

PLEASE don't allow more cussing and any nudity even partial, to be on TV. I already feel I can't enjoy watching much on because of how it is already. I'd love it if you took off all homosexuality, taking the Lord's name in vain, sexual scenes past kissing, degrading acts towards men and women. It's like watching soft porn already. We don't need garbage like this or our society will keep thinking this is acceptable and normal and it most definitely is NOT!. Thank you for your time.
