

I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves, even if brief or "fleeting."

The Supreme Court has confirmed the FCC's authority to enforce policies regarding expletives and nudity, especially during times when children are likely to be watching or listening.

Relaxing the current policy would not serve the public interest and I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations. I do not agree with what the The Federal Communications Commission (FCC) announced that it is considering dropping current broadcast decency standards that ban explicit profanity and "non-sexual" nudity. which allows programs to show frontal female nudity, even during hours when they know children will be watching and listening. I am opposing thank you!
