

We are a family of 5 adults that want to vote NO on lifting the ban on expletives and nudity on TV and radio! What are you thinking? We don't even know our country anymore. We feel like we are swimming upstream in trying to hold on to things good, beautiful, helpful... Your actions are very disappointing if the lift goes thru! Please stop the lift! We are fighting hard enough to help our children grow up with healthy and decent values. We don't want our tax dollars fighting against us. Once again, We vote NO!!!
