

T.V. is bad enough as it is. We already have discussed turning off our satellite connection due to the amount of inappropriate content coming across the screen. Please consider the innocence that will be taken and twisted with each view of what should be left behind closed doors. Children should be able to remain children. God is watching what we entertain ourselves with as well. We will all stand before Him one day and give an account on what decisions we have made whether one believes that or not.
