

I oppose any changes to the current FCC Indecency standards that would allow television & radio stations to broadcast expletives & nudity on the public airwaves even if brief or "fleeting".

Relaxing the current policy would not serve the public interest & I urge the FCC to reject ALL proposals that would allow for the broadcast of expletives & nudity on FCC licensed stations. Our morals have already plummeted down to the bottom as it is. That would only make it worse. We need to be standing up for good morality not bad!!! thank you.
