

I am mortified that anyone would even consider allowing such content on TV when any child could be watching. Keep TV safe and do not allow these changes to occur! I already have to censor so much content from my children - even myself. It's beyond disgusting what I see and to imagine it getting worse....I am beginning to understand families that stop watching TV altogether or just remove the cable service. It's something I would consider if content gets more ugly.

I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves, even if brief or "fleeting."

The Supreme Court has confirmed the FCC's authority to enforce policies regarding expletives and nudity, especially during times when children are likely to be watching or listening.

Relaxing the current policy would not serve the public interest and I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.

Sincerely,
