

I am against allowing nudity in any form and profanity on television. First of all I am against this for the sake of my own children and family. I do not want my children to become desensitized to any forms of nudity and profanity. That is filth and does not need to be a part of regular television. I want to also speak out for the children that come from families that don't care. Who is going to protect them from this kind of television? They are not old enough to make decisions for themselves and their parents would not do their part in protecting them. These things are not wanted nor needed on television.
