

I am opposed to the FCC making any changes in the current Indecency Standards that would allow nudity on public airwaves by television stations and that would allow both television stations and radio stations to broadcast expletives on public airwaves. This would be harmful to our society. It would be especially harmful to our children.

The Supreme Court has confirmed the FCC's authority to enforce policies regarding expletives and nudity, especially during times when children are likely to be watching or listening. We are counting on the FCC to stand up and keep the airwaves safe for us and our children.

I am asking you to not relax the current policy. Please reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.
