Re: *Applications of Sprint Nextel Corporation and SoftBank Corp.*, IB Docket No. 12-343

Dear Ms. Dortch:

On April 24, 2013 Paul Otellini, CEO of Intel Corporation sent the below email communication to FCC Chairman Genachowski regarding the above referenced proceeding:

[Email addresses deleted]
Hello Julius,

I am travelling in Asia this week. I met with Son-san of Softbank yesterday. I simply wanted to add my name to the list of companies hoping that Softbank will be able to acquire Sprint, rather than Dish. Son-san's vision to build a high speed competitive third national network is very compelling. We need this competition in the wireless space as the ATT/Verizon model is not giving that to consumers at this time. I just wanted you to know where I and Intel stand on this important matter.

Thanks, Paul
