

We STRONGLY oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves, even if brief or "fleeting."

The Supreme Court has confirmed the FCC's authority to enforce policies regarding expletives and nudity, especially during times when children are likely to be watching or listening.

Relaxing the current policy would not serve the public interest and we urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.

Strive to provide service at the highest quality standards possible - not the lowest. If you allow more nudity and expletives on the airways you are serving standards that are in the gutter and do a disservice to future generations. Our nature is to take the easy way out - don't settle for trash, do good and support high values and standards at all costs.

Sincerely, Dr. Jeffrey and Mrs. Susan Decker
