

Do not allow relaxed nudity or swearing on TV. I have had to turn off too many programs during family time programming (upto 9pm). When I was a kid, I did not see this kind of garbage on TV while watching Emergency, Starky and Hutch or MASH. TV does not need to succumb to the degradation of current societal choices. We are becoming desensitized by junk. I remember that Jaws was rated R because of 3-4 swear words (none of them were the F bomb) along with the bloody scenes. Now R means soft core porn...really? Stop hurting our children and keep it CLEAN!!
