

I heard from friends that you are considering lowering your broadcast standards by allowing more expletives and also female frontal nudity on live broadcasts on FCC-licensed stations. I wish to express my objection in the strongest terms.

I can think of no way in which this contributes to the common good of our nation and see plenty of opportunity for mischief in this. Those who wish to view such fare have plenty of sources within the media. Those who prefer to view programming which reflects standards of decency which have always been hallmarks of civilized society are having a much harder time.

I urge you to hold the line on your current prohibition on strong expletives and nudity on stations under your control. Sincerely, Leslie Hinton
