

The FCC must do more to ensure the programs on TV adhere to decency rules.

I am the mother of six and grandmother of 25.

I find we cannot watch TV together without seeing nudity and near nudity in almost every program. The language is just as offensive with expletives.

ONCE IS TOO MUCH! My grandchildren do not need to see or hear such filth.

Programs should not be allowed to get away with such disrespect for their audience.

Please do all you can to make the nudity and expletives STOP!!!

Thank you.
