MOTION FOR INJUNCTION

1. Omicron Technologies, LLC has filed a petition requesting a reversal of SLD’s decision to not restore it as the service provider of record for the captioned funding request.
2. The petition was filed via the Commission’s Electronic Comment Filing System on May 2nd, 2013.
3. In its petition, Omicron Technologies asserts that the certification made by the billed entity to affect the operational change of SPIN is invalid, thereby making the SPIN change itself invalid.
4. Furthermore, Omicron Technologies asserts that the operational change of SPIN violates established Commission rules.

5. If Omicron Technologies prevails in this matter, and the Commission determines the certification made by the billed entity is invalid, any funds disbursed as part of the funding commitment would have been disbursed in error and therefore subject to recovery.
6. Such recovery efforts would be detrimental to the interests of both the billed entity as well as to Omicron Technologies.
7. Therefore, in order to prevent such an occurrence, and having a good faith basis to believe the Commission will find in favor of it, Omicron Technologies requests the Commission enjoin USAC from paying any invoices related to the captioned funding request until such time that the Commission has made a decision with respect to the filed petition.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Ch A Quintanilla', with a stylized flourish at the end.
