

Allowing the F word and frontal nudity?? This is absurd. Have you guys completely lost your minds?! I'm a 33 year old woman and am in no ways a prude, nor do I have/or want any children- but to hear that you would like to allow these things on television makes me sick. Not only should children not see it but I don't want to see or hear it either. My 69 year old mother is even threatening to cancel her cable if this goes in affect because she doesn't want to see/hear it either. There's far too much allowed on TV and movies already. Leave some things to the imagination. Have some class.
