

We are concerned about the Federal Communications Commission deciding to open the floodgates of indecency on network television. Ignoring so-called "fleeting" nudity and profanity on non-cable channels like ABC, NBC, CBS and Fox, even during primetime when kids will be watching, is a REALLY BAD IDEA. The networks will stretch this to the limit and eliminate the few remaining "safe harbors" for family viewing.

We are deeply saddened by the decline in our nation's morals in our 70 years on the this planet. Those who desire that sort of "entertainment" have access to whatever on the internet.

Thank you for your consideration.
