

We have already stooped below decency in broadcasting. Indecency, obscenity, profanity, and sexual innuendo are running rampant in TV and radio broadcasts.

I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast obscene or profane words and suggestive content on the public airwaves, even if brief.

I want to hear no obscene, indecent, or profane words and see no suggestive content during the hours of 6:00 a.m. and 10 p.m.
