

Glenn needs to be careful in wording, and must avoid ridicule and sarcasm.

The way the world is structured is that Glenn was supposed to graduate from college in 1986, get a career, get married, get a house mortgage, and by 2013, have grown children.

Glenn knows that would be bittersweet. Fate had something different for Glenn.

Glenn knows had he done the married-house mortgage career path then, it would be very difficult for someone in 2013 to talk about Jesus Christ, and why I or they should accept Christ, if I am stuck in a bittersweet relationship, with children who have a strange taste in music where strange clothes etc.

So for Glenn to talk about his fantasy Amish wife as a reward for Glenn in Heaven from Christ rings hollow for many who did the career marriage divorce house mortgage thing and have children etc.

The book of James mentions that pure and undefiled religion is this: To visit the widows and fatherless in their affliction.

Meaning also that Glenn and his future Amish wife in Heaven rings hollow there also. However, Glenn can do his part with pure thoughts towards those I just mentioned.

It is also wise for Glenn to assume that Glenn will have no reward in Heaven. That he will be content feeding the house sparrows and pigeons, and loving that.

The book of Jude in the New Testament talks about those who erred in the way Balaam and ran greedily after reward. Meaning serving Christ must for Glenn be more about than wanting a reward. The book of Job deals with the subject of can man be good if there is no future reward from God.

Glenn knows his own ego is a stumbling block many times, a detriment from letting good thoughts of God and Christ come.

Couples that are already married it is very difficult for Glenn to tell them why they should do the Rio Brazil 2016 Olympic lifestyle.

Glenn knows all about DARIGOLD. The BP oil spill happened because of DA jury rigging. But hey, that is old news now. The biblical Gold Christ talks about is DA Rhode Island-Gold. Darigold.

Yes, Christ did get a great college education at that state school, and grew as a Christian. To be safe, however, Glenn must assume that every female from Texas to Virginia, including Tennessee, are as

Lots wife. They have turned to Salt for looking back. And since Glenn doesn't read the newspapers anymore or follow the news, or do internet searches of the South anymore, Glenn really can be certain that all the females from Texas to Virginia haven't turned into a pillar of salt. Translation: There will never ever be a relationship between Glenn and any female from the South. It has to be that way. They are salt pillar females. That is my insurance policy. So the DA can have all these females. They are salt pillar lots wife females DARIGOLD
