

Please DO NOT relax your standards regarding language and nudity in the media! The U.S. Supreme Court has ruled that you have the right to enforce these standards, so please do not cave to the demands of those who show no care for our children and the immorality to which they would be exposed. Our country is in a desperate state of "no holds barred"morally, and we see the sad result with the average age of accessing pornography being 11 years of age. Children! What a tragedy. I pray you will make the only right decision for our children, and enforce the current standards.
