

Glenn going to do Long beach.

Long Beach covers a lot of ground, including BP, Hurricane Sandy, Russian scorpion sub etc.

When Glenn was about to be crucified, BP oil spill helped Glenn. Even the SS field offices in those states, in Glenn's speculation, were about to crucify Glenn, and their loyalties seemed misguided.

The Sandy Eggs Sandy Egg San Diego might cause problems, a paranoid DA thinking I was sending a message etc.

Of Course Long beach covers, what is the SS doing in the west coast when they should be on the east coast protecting from Hurricane sandy etc.

BP helped Glenn when Glenn needed it. Of course, if Glenn gets closer to God, God will help Glenn out again in the future, he hopes, if a BP type incident is needed again.
