

Carlos Slim is trying to monopolize the prepaid market in the U.S. for the sole purpose of charging what he sees fit to small retail cellular stores. Thousands of us will go out of business once he acquires PagePlus under Tracfone Wireless, the U.S. subsidiary of America Movil in Mexico. As it is, his acquisition of Tracfone, along with Simple Mobile, has created havoc amongst us smaller retailers; there is less money to make because the competition is dwindling!

Carlos Slim, the Owner of America Movil in Mexico has been regulated/mandated by the Mexican congress to break up his monopoly of cellular ownership thus creating more competition and helping to relax the very high costs of cellular service to the consumers. Up until then, he charged what he saw fit and reaped from the poor to enrich himself! Now he's trying to do the same in the U.S.

DO NOT ALLOW TRACFONE WIRELESS TO ACQUIRE PAGEPLUS CELLULAR! LESS COMPETITION MEANS LESS MONEY FOR SMALL RETAILERS!
