

Please don't make any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves, even if brief or fleeting. I'm sure it would be less expensive to not police the airwaves. However, that IS your job. Please do what is right. Relaxing the current policy would not serve the public interest. I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations. Thank you.
