

Direct TV and Century Link "BUNDLE" They advertise low rate: Internet \$14.99 and TV \$29.99. They bundle the BILL but you can not get them to correct BILLING which is full of credits and add ons and the total is - on my bill - TRIPLE what we THOUGHT we would be paying. Calls to correct billing: Call the Billing Number on the bill, it's Century Link. They say you have to call DTV. DTV says we have to call Century Link. After 3 months, they finally said I had a credit of \$99. THEN 5-20-13 statement from Century link is a DISCONNECT notice with past due amount of \$128.
