I am requesting a waiver for an out of window 486. In March of 2011 my mother was diagnosed with cancer . I, being her only child, took responsibility for her care and missed a large amount of work during her illness and subsequent death in November of that year. Upon returning to work and trying to get caught back up, caring for my stepdad, and moving office locations , I missed filing the 486 for that year. I had filed all the other forms in a timely manner, and have always done so. I did not realize this error until I started to process the bear forms. Please take this appeal for a waiver into account.
