

I am respectfully requesting that you continue to control the content of television. As a working parent, there is no way I can spend the time required to research all of the TV shows and other media choices for our kids. I appreciate the rating system and would actually like to see stronger regulations. Lifting the ban on language and nudity would be detrimental to families and especially children. The language kids use at school, is reflective of the language they hear modelled for them in the media. The innocence of youth has been stolen by the TV shows, movies and media that parade sexual content in front of them. While I understand there are a number of people who are not offended by this sort of portrayal, there are still those of us who are--and I want to protect kids from this kind of influence. Please continue to set limits on programming that uses profane or vulgar language and/or nudity. Thank you!
