

KTVK was dropped from the Time Warner Cable lineup? Is this against the "must carry rule?"

<http://en.wikipedia.org/wiki/KTVK> please look at this website for info on this channel that was I believe was Channel 10 in Yuma, AZ there are some articles on the Sun Newspaper on the net also with other complaints.

Watching KTVK was a very informative station for the entire state with was a huge loss to the citizens of Yuma, AZ who many travel back-and-forth.
