

Please remove all nudity, vulgar speech, suggestive actions in the TV programming. I am an adult, a Mother and a Grandmother. I do not want to watch such trash, but I am more concerned about the youth of our nation. Also, it seems like every program eventually has a gay person or persons in it. How disgusting? It is the agenda of the lesbian, gay, etc. organizations to legitimize this perverted behavior. It is immoral, so it will never be accepted by God-fearing people. Stand up for what is right, so that people can enjoy watching TV once again.
