

I implore you to not allow nudity, profanity and gruesome content on the airwaves. I have had such a hard time finding a program on TV that doesn't have one of the above mentioned, that our family doesn't even watch TV stations anymore. We got rid of our cable programming 2 years ago and don't miss it one bit. We search for decent things to watch via Internet and YouTube. Many of our family and friends are doing the same thing for the same reason. If you hear complaints from TV stations and cable companies regarding fewer customers, tell them that nudity, profanity and gruesomeness is why. Thank you.
