

I oppose any changes to the current FCC indecency standards that would allow television and radio stations to broadcast expletives and nudity on the public airwaves during the day. Children are in the audience before 10pm and should not be exposed to this content!

Do not change the current FCC indecency standards. We do not need nudity and profanity to appear on daytime network television. This is when children are watching!

I oppose changing the current FCC indecency standards. Nudity and expletives should not be allowed on network television and radio stations.
