

I do not appreciate the amount of profanity, especially on South Park and other various shows. They are distasteful and harmful to all the children that get it in their daily lives at school and home. We do not need to add a 3rd venue for them. Also we do not need to give them a venue to acceptance to nudity, especially at young ages where this could totally cause problems to the mind of the child and upwards to young adults, who themselves cannot handle such things yet. They need to be older and educated BEFORE such things happen. and that is not happening at all.
