

I oppose any changes to the current FCC indecency standards. The FCC must continue to vigorously oppose ALL indecent content, even if brief or "fleeting."

Now is not the time to relax rules that serve to protect our children. Studies show over and over the horrific impact of media on social development of children.

I am asking the FCC to be responsible.

Relaxing the current policy would not serve the public interest and I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.
