We believe the FCC has recently made decisions that will degrade our society. Please retract the rules that have recently permitted the use of any foul or obscene language that will affect the people of our great nation watching TV. To be specific, don't allow the P***(iss) word or the A**(ss) word in conjunction with the human body. Also, absolutely never allow the F(bomb), the S(word) or any type of nudity at any time on Broadcast TV.

Please don't bow to the PAC monies that the broadcast stations are offering. We only offer our opinion, and our heartfelt belief that the morals of the nation stand with your next move.
