Dear Ms. Dortch:

Morrow Development Corporation ("MDC"), acting through counsel, pursuant to Sections 54.719-54.721, of the Commission's rules, hereby files this Consolidated Request for Review ("Appeal"), seeking review of the adverse decision of the Administrator of the Universal Service Administrative Company ("USAC"), denying MDC's funding requests for Funding Years 2003 and 2004.<sup>1</sup> See Exhibit 1.

Our routine review of Schools and Libraries Program funding commitments has revealed certain applications where funds were committed in violation of program rules.

In order to be sure that no funds are used in violation of program rules, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) must now adjust the overall funding commitment. The purpose of this letter is to make the adjustments to the funding commitment required by program rules, and to give you an opportunity to appeal this decision. USAC has determined the service provider is responsible for all or some of the program rule violations. Therefore, the service provider is responsible to repay all or some of the funds disbursed in error (if any).

This is NOT a bill. If recovery of disbursed funds is required, the next step in the recovery process is for SLD to issue you a Demand Payment Letter. The balance of the debt will be due within 30 days of the Demand Payment Letter. Failure to pay the debt within 30 days from the date of the Demand Payment Letter could result in interest, late payment fees, administrative charges and implementation of the "Red Light Rule." Please see the "Informational Notice to All Universal Service Fund Contributors, Beneficiaries, and Service Providers" at <http://www.universalservice.org/fund-administration/tools/latest-news.aspx#083104> for more information regarding the consequences of not paying the debt in a timely manner.

#### TO APPEAL THIS DECISION:

If you wish to appeal the Commitment Adjustment Decision indicated in this letter, your appeal must be received or postmarked within 60 days of the date of this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. In your letter of appeal:

1. Include the name, address, telephone number, fax number, and e-mail address (if available) for the person who can most readily discuss this appeal with us.
2. State outright that your letter is an appeal. Identify the date of the Notification of Commitment Adjustment Letter and the Funding Request Numbers you are appealing. Your letter of appeal must include the Billed Entity Name, the Form 471 Application Number, Billed Entity Number, and the FCC Registration Number (FCC RN) from the top of your letter.
3. When explaining your appeal, copy the language or text from the Notification of Commitment Adjustment Letter that is the subject of your appeal to allow the SLD to more readily understand your appeal and respond appropriately. Please keep your letter specific and brief, and provide documentation to support your appeal. Be sure to keep copies of your correspondence and documentation.
4. Provide an authorized signature on your letter of appeal.

If you are submitting your appeal electronically, please send your appeal to [appeals@sl.universalservice.org](mailto:appeals@sl.universalservice.org) using your organization's e-mail. If you are submitting your appeal on paper, please send your appeal to: Letter of Appeal, Schools and Libraries Division, Dept. 125- Correspondence Unit, 100 South Jefferson Road, Whippany, NJ 07981. #### FUNDING COMMITMENT ADJUSTMENT REPORT

On the pages following this letter, we have provided a Funding Commitment Adjustment Report (Report) for the Form 471 application cited above. The enclosed Report includes the Funding Request Number(s) from the application for which adjustments are necessary. Immediately preceding the Report, you will find a guide that defines each line of the Report.

The SLD is also sending this information to the applicant for informational purposes. If USAC has determined the applicant is also responsible for any rule violation on these Funding Request Numbers, a separate letter will be sent to the applicant detailing the necessary applicant action.

Please note that if the Funds Disbursed to Date amount is less than the Adjusted Funding Commitment amount, USAC will continue to process properly filed invoices up to the Adjusted Funding Commitment amount. Please note the Funding Commitment Adjustment Explanation in the attached Report. It explains why the funding commitment is being reduced. Please ensure that any invoices that you or the applicant submit to USAC are consistent with program rules as indicated in the Funding Commitment Adjustment Explanation. If the Funds Disbursed to Date amount exceeds the Adjusted Funding Commitment amount, USAC will have to recover some or all of the disbursed funds. The Report explains the exact amount (if any) the service provider is responsible for repaying.

## A GUIDE TO THE FUNDING COMMITMENT ADJUSTMENT REPORT

Attached to this letter will be a report for each funding request from your application for which a commitment adjustment is required. We are providing the following definitions.

**FUNDING REQUEST NUMBER (FRN):** A Funding Request Number is assigned by the SLD to each individual request in your Form 471 once an application has been processed. This number is used to report to applicants and service providers the status of individual discount funding requests submitted on a Form 471.

**CONTRACT NUMBER:** The number of the contract between the applicant and the service provider. This will be present only if a contract number was provided on Form 471.

**SERVICES ORDERED:** The type of service ordered by applicant, as shown on Form 471.

**BILLING ACCOUNT NUMBER:** The account number that you have established with your customer for billing purposes. This will be present only if a Billing Account Number was provided on the Form 471.

**ORIGINAL FUNDING COMMITMENT:** This represents the original amount of funding that SLD had reserved to reimburse for the approved discounts for this service for this funding year.

**COMMITMENT ADJUSTMENT AMOUNT:** This represents the amount of funding that SLD has rescinded because of program rule violations.

**ADJUSTED FUNDING COMMITMENT:** This represents the adjusted total amount of funding that SLD has reserved to reimburse for the approved discounts for this service for this funding year. If this amount exceeds the Funds Disbursed to Date, the SLD will continue to process properly filed invoices up to the new commitment amount.

**FUNDS DISBURSED TO DATE:** This represents the total funds that have been disbursed for this FRN as of the date of this letter.

**FUNDS TO BE RECOVERED FROM SERVICE PROVIDER:** This represents the amount of improperly disbursed funds to date for which the service provider has been determined to be primarily responsible. These improperly disbursed funds will have to be recovered from the service provider.

**FUNDING COMMITMENT ADJUSTMENT EXPLANATION:** This entry provides an explanation of the reason the adjustment was made.

Funding Request Number:	980359
Contract Number:	N/A

Billing Account Number:	541-989-8202
Original Funding Commitment:	\$1,570,560.00
Commitment Adjustment Amount:	\$1,570,560.00
Adjusted Funding Commitment:	\$0.00
Funds Disbursed to Date:	\$1,570,560.00
Funds to be Recovered from Service Provider:	\$1,570,560.00

**Funding Commitment Adjustment Explanation:**

After a thorough investigation, it has been determined that this funding commitment must be rescinded in full. During the course of a review it was determined that the school employee who was involved in determining the services sought by the applicant and the selection of the applicant's service providers is associated with a service provider that was selected. Nate Arbogast, the technology director of the school, is also an employee of the service provider selected to provide services for this FRN. FCC rules require applicants to submit a Form 470 to initiate the competitive bidding process, and to conduct a fair and open process. Neither the applicant nor the applicant's consultant should have a relationship with a service provider prior to the competitive bidding that would unfairly influence the outcome of a competition or would furnish the service provider with "inside" information or allow it to unfairly compete in any way. Since the applicant has engaged in an improper relationship with a selected service provider, which represents the conflict of interests and compromises the competitive bidding process, the commitment has been rescinded in full and USAC will seek recovery of any disbursed funds from the applicant and service provider.

## A GUIDE TO THE FUNDING COMMITMENT ADJUSTMENT REPORT

Attached to this letter will be a report for each funding request from your application for which a commitment adjustment is required. We are providing the following definitions.

**FUNDING REQUEST NUMBER (FRN):** A Funding Request Number is assigned by the SLD to each individual request in your Form 471 once an application has been processed. This number is used to report to applicants and service providers the status of individual discount funding requests submitted on a Form 471.

**CONTRACT NUMBER:** The number of the contract between the applicant and the service provider. This will be present only if a contract number was provided on Form 471.

**SERVICES ORDERED:** The type of service ordered by applicant, as shown on Form 471.

**BILLING ACCOUNT NUMBER:** The account number that you have established with your customer for billing purposes. This will be present only if a Billing Account Number was provided on the Form 471.

**ORIGINAL FUNDING COMMITMENT:** This represents the original amount of funding that SLD had reserved to reimburse for the approved discounts for this service for this funding year.

**COMMITMENT ADJUSTMENT AMOUNT:** This represents the amount of funding that SLD has rescinded because of program rule violations.

**ADJUSTED FUNDING COMMITMENT:** This represents the adjusted total amount of funding that SLD has reserved to reimburse for the approved discounts for this service for this funding year. If this amount exceeds the Funds Disbursed to Date, the SLD will continue to process properly filed invoices up to the new commitment amount.

Funds to be Recovered from Service Provider:	\$758,160.00

Funding Commitment Adjustment Explanation:

After a thorough investigation, it has been determined that this funding commitment must be rescinded in full. During the course of a review it was determined that the school employee who was involved in determining the services sought by the applicant and the selection of the applicant's service providers is associated with a service provider that was selected. Nate Arbogast, the technology director of the school, is also an employee of the service provider selected to provide services for this FRN. FCC rules require applicants to submit a Form 470 to initiate the competitive bidding process, and to conduct a fair and open process. Neither the applicant nor the applicant's consultant should have a relationship with a service provider prior to the competitive bidding that would unfairly influence the outcome of a competition or would furnish the service provider with "inside" information or allow it to unfairly compete in any way. Since the applicant has engaged in an improper relationship with a selected service provider, which represents the conflict of interests and compromises the competitive bidding process, the commitment has been rescinded in full and USAC will seek recovery of any disbursed funds from the applicant and service provider.

Our routine review of Schools and Libraries Program funding commitments has revealed certain applications where funds were committed in violation of program rules.

In order to be sure that no funds are used in violation of program rules, the Universal Service Administrative Company (USAC) must now adjust your overall funding commitment. The purpose of this letter is to make the adjustments to your funding commitment required by program rules, and to give you an opportunity to appeal this decision. USAC has determined the applicant is responsible for all or some of the program rule violations. Therefore, the applicant is responsible to repay all or some of the funds disbursed in error (if any).

This is NOT a bill. If recovery of disbursed funds is required, the next step in the recovery process is for USAC to issue you a Demand Payment Letter. The balance of the debt will be due within 30 days of the Demand Payment Letter. Failure to pay the debt within 30 days from the date of the Demand Payment Letter could result in interest, late payment fees, administrative charges and implementation of the "Red Light Rule." Please see the "Informational Notice to All Universal Service Fund Contributors, Beneficiaries, and Service Providers" at <http://www.universalservice.org/fund-administration/tools/latest-news.aspx#083104> for more information regarding the consequences of not paying the debt in a timely manner.

#### TO APPEAL THIS DECISION:

If you wish to appeal the Commitment Adjustment Decision indicated in this letter, your appeal must be received or postmarked within 60 days of the date of this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. In your letter of appeal:

1. Include the name, address, telephone number, fax number, and e-mail address (if available) for the person who can most readily discuss this appeal with us.
2. State outright that your letter is an appeal. Identify the date of the Notification of Commitment Adjustment Letter and the Funding Request Numbers you are appealing. Your letter of appeal must include the Billed Entity Name, the Form 471 Application Number, Billed Entity Number, and FCC Registration Number (FCC RN) from the top of your letter.
3. When explaining your appeal, copy the language or text from the Notification of Commitment Adjustment Letter that is the subject of your appeal to allow the SLD to more readily understand your appeal and respond appropriately. Please keep your letter specific and brief, and provide documentation to support your appeal. Be sure to keep copies of your correspondence and documentation.
4. Provide an authorized signature on your letter of appeal.

If you are submitting your appeal electronically, please send your appeal to [appeals@sl.universalservice.org](mailto:appeals@sl.universalservice.org) using your organization's e-mail. #### FUNDING COMMITMENT ADJUSTMENT REPORT

On the pages following this letter, we have provided a Funding Commitment Adjustment Report (Report) for the Form 471 application cited above. The enclosed Report includes the Funding Request Number(s) from your application for which adjustments are necessary. Immediately preceding the Report, you will find a guide that defines each line of the Report.

The SLD is also sending this information to your service provider(s) for informational purposes. If USAC has determined the service provider is also responsible for any rule violation on these Funding Request Numbers, a separate letter will be sent to the service provider detailing the necessary service provider action.

Please note that if the Funds Disbursed to Date amount is less than the Adjusted Funding Commitment amount, USAC will continue to process properly filed invoices up to the Adjusted Funding Commitment amount. Please note the Funding Commitment Adjustment Explanation in the attached Report. It explains why the funding commitment is being reduced. Please ensure that any invoices that you or your service provider submit to USAC are consistent with program rules as indicated in the Funding Commitment Adjustment Explanation. If the Funds Disbursed to Date amount exceeds your Adjusted Funding Commitment amount, USAC will have to recover some or all of the disbursed funds. The Report explains the exact amount (if any) the applicant is responsible for repaying.

## A GUIDE TO THE FUNDING COMMITMENT ADJUSTMENT REPORT

A report for each E-rate funding request from your application for which a commitment adjustment is required is attached to this letter. We are providing the following definitions for the items in that report.

**FUNDING REQUEST NUMBER (FRN):** A Funding Request Number is assigned by the SLD to each individual request in your Form 471 once an application has been processed. This number is used to report to applicants and service providers the status of individual discount funding requests submitted on a Form 471.

**SERVICES ORDERED:** The type of service ordered from the service provider, as shown on Form 471.

**SPIN (Service Provider Identification Number):** A unique number assigned by the Universal Service Administrative Company to service providers seeking payment from the Universal Service Fund for participating in the universal service support mechanisms. A SPIN is also used to verify delivery of services and to arrange for payment.

**SERVICE PROVIDER NAME:** The legal name of the service provider.

**CONTRACT NUMBER:** The number of the contract between the applicant and the service provider. This will be present only if a contract number was provided on your Form 471.

**BILLING ACCOUNT NUMBER:** The account number that your service provider has established with you for billing purposes. This will be present only if a Billing Account Number was provided on your Form 471.

**SITE IDENTIFIER:** The Entity Number listed in Form 471, Block 5, Item 22a. This number will only be present for "site specific" FRNs.

**ORIGINAL FUNDING COMMITMENT:** This represents the original amount of funding that SLD had reserved to reimburse you for the approved discounts for this service for this funding year.

**COMMITMENT ADJUSTMENT AMOUNT:** This represents the amount of funding that SLD has rescinded because of program rule violations.

**ADJUSTED FUNDING COMMITMENT:** This represents the adjusted total amount of funding that SLD has reserved to reimburse for the approved discounts for this service for this funding year. If this amount exceeds the Funds Disbursed to Date, the SLD will continue to process properly filed invoices up to the new commitment amount.

**FUNDS DISBURSED TO DATE:** This represents the total funds that have been paid to the identified service provider for this FRN as of the date of this letter.

**FUNDS TO BE RECOVERED FROM APPLICANT:** This represents the amount of improperly disbursed funds to date as a result of rule violation(s) for which the applicant has been determined to be responsible. These improperly disbursed funds will have to be recovered from the applicant.

**FUNDING COMMITMENT ADJUSTMENT EXPLANATION:** This entry provides an explanation of the reason the adjustment was made.

Commitment Adjustment Amount:	\$1,570,560.00
Adjusted Funding Commitment:	\$0.00
Funds Disbursed to Date:	\$1,570,560.00
Funds to be Recovered from Applicant:	\$1,570,560.00

**Funding Commitment Adjustment Explanation:**

After a thorough investigation, it has been determined that this funding commitment must be rescinded in full. During the course of a review it was determined that the school employee who was involved in determining the services sought by the applicant and the selection of the applicant's service providers is associated with a service provider that was selected. Nate Arbogast, the technology director of the school, is also an employee of the service provider selected to provide services for this FRN. FCC rules require applicants to submit a Form 470 to initiate the competitive bidding process, and to conduct a fair and open process. Neither the applicant nor the applicant's consultant should have a relationship with a service provider prior to the competitive bidding that would unfairly influence the outcome of a competition or would furnish the service provider with "inside" information or allow it to unfairly compete in any way. Since the applicant has engaged in an improper relationship with a selected service provider, which represents the conflict of interests and compromises the competitive bidding process, the commitment has been rescinded in full and USAC will seek recovery of any disbursed funds from the applicant and service provider.

**ADJUSTED FUNDING COMMITMENT:** This represents the adjusted total amount of funding that SLD has reserved to reimburse for the approved discounts for this service for this funding year. If this amount exceeds the Funds Disbursed to Date, the SLD will continue to process properly filed invoices up to the new commitment amount.

**FUNDS DISBURSED TO DATE:** This represents the total funds that have been paid to the identified service provider for this FRN as of the date of this letter.

**FUNDS TO BE RECOVERED FROM APPLICANT:** This represents the amount of improperly disbursed funds to date as a result of rule violation(s) for which the applicant has been determined to be responsible. These improperly disbursed funds will have to be recovered from the applicant.

**FUNDING COMMITMENT ADJUSTMENT EXPLANATION:** This entry provides an explanation of the reason the adjustment was made.

Contract Number:	MTM
Billing Account Number:	541-989-8202

Original Funding Commitment:	\$758,160.00
Commitment Adjustment Amount:	\$758,160.00
Adjusted Funding Commitment:	\$0.00
Funds Disbursed to Date:	\$758,160.00
Funds to be Recovered from Applicant:	\$758,160.00

**Funding Commitment Adjustment Explanation:**

After a thorough investigation, it has been determined that this funding commitment must be rescinded in full. During the course of a review it was determined that the school employee who was involved in determining the services sought by the applicant and the selection of the applicant's service providers is associated with a service provider that was selected. Nate Arbogast, the technology director of the school, is also an employee of the service provider selected to provide services for this FRN. FCC rules require applicants to submit a Form 470 to initiate the competitive bidding process, and to conduct a fair and open process. Neither the applicant nor the applicant's consultant should have a relationship with a service provider prior to the competitive bidding that would unfairly influence the outcome of a competition or would furnish the service provider with "inside" information or allow it to unfairly compete in any way. Since the applicant has engaged in an improper relationship with a selected service provider, which represents the conflict of interests and compromises the competitive bidding process, the commitment has been rescinded in full and USAC will seek recovery of any disbursed funds from the applicant and service provider.

### District Purchasing

The purchasing, receiving, storing and distribution of necessary supplies, equipment and services for use in the educational program and for the various auxiliary services represent a significant expenditure in the school budget. These items must be procured efficiently and economically. The measure of efficient, economical purchasing is the degree to which the right items are provided in the right quantity to the right place at the right time. District purchasing shall be subject to the following:

1. The function of the purchasing agent is to serve the educational and support program by providing the necessary supplies, equipment and services;
2. The acquisition of services, equipment and supplies is centralized in the district office, which functions under the supervision of the superintendent, designated by the Board as purchasing agent and through whose office all purchasing transactions must eventually proceed. The superintendent shall be responsible for developing and administering the purchasing program of the district;
3. Competitive bids or quotations shall be solicited in connection with all purchasing whenever possible. Contracts shall be awarded to the lowest responsible bidder complying with specifications and with other stipulated bidding conditions;
4. The superintendent is authorized to issue purchase orders without prior approval of the Board where formal bidding procedures are not required by law and when budget appropriations are adequate to cover such obligations;
5. The Board declares its intention to purchase competitively without prejudice and to seek maximum educational value for every dollar expended. All purchases, lease or sale of personal property, public improvements or services other than agreements for personal service shall be based upon competitive bids or quotes on proposals except:
  - a. Contracts made with other public agencies or the federal government;
  - b. Contracts made with qualified nonprofit agencies providing employment opportunities for disabled individuals;
  - c. Contracts excepted by the Local Contract Review Board following approval of findings that such exemption will result in substantial cost savings and it is unlikely that the exemption will encourage favoritism or substantially diminish competition;
  - d. A contract for products, services or supplies if the value is less than \$5,000;
  - e. Insurance and service contracts as provided by law;
  - f. Contracts between public agencies utilizing an existing solicitation or current requirement contract of one of the public agencies that is a party to the contract as provided by law.
6. The superintendent or designee is authorized to enter into and approve payment on contracts obligating district funds not to exceed \$75,000 for products, materials, supplies, capital outlay and services that are within current budget appropriations. The Board shall approve all contracts that are

collective bargaining agreements or service contracts that include the provision of labor performed by district employees, such as custodial, food service and transportation services. All contracts which require public advertising and competitive bidding shall be awarded by the Board. Recommendations for the award of all such contracts shall be submitted to the Board by the superintendent;

7. Residence or place of business of local bidders may be a consideration only in cases where identical bids have been submitted;
8. Items commonly used in the various schools or units thereof shall be standardized whenever consistent with educational goals and in the interest of efficiency or economy;
9. Petty cash funds shall be established annually for each school building and for the central administrative office, following procedures approved by the district's auditor. Such funds shall be used for the payment of properly itemized bills of nominal amounts and under conditions calling for immediate payment. Allowances, responsibility, security and accounting of petty cash funds shall be in accordance with the recommendation of the district auditors;
10. The purchasing procedures employed shall comply with all applicable law and regulations of the state;
11. Opportunity shall be provided to all responsible suppliers to do business with the district. To this end the superintendent shall develop and maintain lists of potential bidders for the various types of materials, equipment and supplies. Such bidder lists shall be used in the development of a mailing list for distribution of specifications and invitations to bid. Any supplier may be included in the list upon request;
12. A person shall not be automatically disqualified because of his/her position as Board member, officer or employee of this school district or family of such person, from entering into a contract with the Morrow County School District. Any such person who becomes or may become interested financially in any contract entered into by the Board is in an actual conflict of interest situation and is subject to the requirements of ORS 244.120 et seq.; such person shall announce publicly the nature of the conflict and shall refrain from participating in discussion, debate or vote, on the issue out of which the actual conflict arises, except as set forth in ORS 244.120. Such person shall be subject to all other policies relating to such contracts. No Board member, officer or employee of the school district or his/her family shall accept any gratuities, financial or otherwise, from any supplier of materials or services to the district;
13. Public contracts, if awarded, will be awarded to the lowest, responsive and responsible bidder or the best, responsive and responsible proposer consistent with solicitation document provisions. The Board may reject in whole or in part, any bid or proposal not in compliance with all prescribed procedures and requirements and may reject for good cause any bid or proposal upon a written finding that it is in the public interest to do so. Such findings shall conform with criteria as specified by the Oregon Attorney General's Model Contract Rules Manual;
14. Records of bids, proposals and specifications will be kept in the district administration office and will conform with Oregon Revised Statutes and applicable provisions of the Oregon Attorney General's Model Contract Rules Manual;

15. The Board adopts the Oregon Attorney General's Model Public Contract Rules, OAR Chapter 137, Division 030, Public Procurement Rules, Division 035, Architectural and Engineering Rules and Division 040, Public Improvement Contracts in effect at the time this policy is adopted. These rules govern purchasing procedures, advertisements, awarding of contracts, retainage, claims, liens, bid security, payment, performance bonds and other matters subject to competitive procurement provisions of law. The Board may modify such rules as deemed appropriate. New rules, as necessary, will be adopted by the Board. In the event it is unnecessary to adopt new rules, Board minutes will reflect that the review process was completed as required. The Board recognizes that a public contracting agency that has not established its own rules of procedure as required by ORS 279.049 (5) is subject to the model rules adopted by the Attorney General, including all modifications to the model rules that the Attorney General may adopt;

16. The Board adopts as part of its rules, portions of the Oregon Department of Administrative Services rules governing Public Contract Exemptions, OAR Chapter 125, Divisions 030, 300-360 in effect at the time this policy is adopted, and, where necessary, has made the written findings required by law for exemptions from competitive bidding.

Such findings shall be maintained by the district and made available on request.

17. The district will follow its adopted budget as closely as possible in expenditure of funds. To this end, the Board shall require that it approve in advance:

- a. All expenditures of funds identified as the Contingency Fund;
- b. All transfers of funds from one fund to another as provided by Board policy DBK - Budget Transfer Authority.

18. School letterhead paper shall not be used in ordering supplies and equipment for personal use. The home address, and not the school name or address, should be listed as the delivery place for articles ordered for personal use;

19. By resolution dated May 17, 1993, the Board of Education was designated the Local Public Contract Review Board for Morrow County School District. A copy of the resolution shall be filed with the Morrow County Court.

Morrow County School District  
Attn. Mary Ann Munkers  
270 W. Main  
Lexington, OR 97839

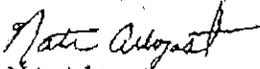

Mrs. Munkers:

This letter is to inform you that I will no longer be acting as either an employee or owner of ABS Computers. In all previous correspondence I have indicated that should Morrow County wish to contract for either products or services with ABS Computers they would need to do so directly with my partner, Chandra D. Arbogast. Due to my employee/contractor relationship with the school district and since I have neither quoted or contracted directly with Morrow County School District in the past, I trust that my absence from ABS computers will not be missed.

This letter will also serve as notice that ABS Computers is seeking termination of its contracts for Internet Service. This service will continue to be provided until such point as an acceptable alternate provider can be determined for Morrow County School District.

In the event that the school district desires to continue contracting for services with ABS Computers, I will continue to provide full disclosure as a public official of the School District to my immediate supervisor the potential conflict of interest and would request that any contracting decisions with this entity be made by another individual.

Thank You,

  
Nate Arbogast

Dear E-Rate Applicant:

In order to ensure that applicants are following certain FCC rules relating to certification statements and competitive bidding processes, you have been selected for a two-part review (Selective Review). We are seeking information about (1) your competitive bidding and vendor selection processes, and (2) information to support the certification you made on FCC Form 471, Item 25, that you have secured access to all of the necessary resources to make effective use of the requested products and services.

Both parts of the Selective Review take place on a system-wide basis (also called a "billed entity" level). We will be requesting, and looking at information for ALL Form(s) 471 filed for the 2003-2004 funding year (Funding Year 2003) that were filed by the entity listed on the cover page of this document. Please notify us if you have additional Form(s) 471 for Funding Year 2003 that we have not listed. The review will include those as well. It is important that you identify any additional applications that you have filed at this time for Funding Year 2003. Failure to do so may delay or jeopardize funding commitments and/or post-commitment disbursements. In addition, it may also result in future adjustments to any commitments that you may receive from us, or other action.

**Part I: Information Regarding the Competitive Bidding Process and Vendor Selection**

For each of the following items we have outlined the requested documentation you will need to supply. Please provide the information by funding request number (FRN) unless otherwise indicated. In the event that a document (e.g., contract, RFP, bid response, etc.) applies to multiple FRNs, simply indicate which FRNs the document supports on the first page of the document. If for any reason you do not have any of the documentation requested below, you MUST explain why.

**1) Requests for Proposal (RFP)**

- a) Copies of any and all requests for proposals (RFPs), invitation to bid, request for bids, or other documentation of bid requests for services and/or products requested, or other solicitations in any way associated with the applicant's funding request(s) and/or the selection of the service provider(s) that appear(s) on the applicant's funding request(s).
- b) You do not need to provide copies of FCC Form(s) 470 that were posted to the SLD website.
- c) If RFPs, etc., are not provided, please explain why you have not provided them.

**2) Bid Responses**

- a) Complete copies of any and all proposals, bid responses, etc., received in response to the Form 470, and/or any RFP, or other solicitation in any way associated with the applicant's funding request and/or with the selection of the service provider that appears on the applicant's funding requests, for all requests including tariff, month-to-month and contracted services.

**3) Vendor Selection Process**

- a) How many bids were received for each FRN?
- b) Complete documentation indicating how and why you selected your service provider(s). This documentation should include:

- i) a description of your evaluation process,
  - ii) the factors you used to determine the winning bid, and
  - iii) attendance sheets for any meetings regarding the Form 470 and/or RFP or other solicitation vehicles.
- c) If more than one factor was used in the evaluation process to determine the winning bid(s) please indicate how those factors were weighted in the evaluation process.

**4) Contracts and/or other agreements**

- a) Signed and dated copies of any and all agreements related to each of the Form 471 funding request(s), including any and all contracts, agreements, Statements of Work, etc., and any and all agreements between the applicant and the service provider related in any way to the applicant's funding request and/or provision of E-rate related services.
- b) If contracts, etc., are not provided, please explain why you have not provided them.
- c) If the price on the contract is different from the pre-discount price on your Form(s) 471, please explain the difference and account for the difference. (For example, if the dollar amount on the contract is higher than the dollar amount on your Form(s) 471, indicate which services have been removed, if that is the case. If the dollar amount on the contract is lower than the dollar amount on your Form(s) 471, explain why.)

**5) Consulting Agreements**

- a) Please provide a complete copy of any consulting agreement(s) relating to the planning, implementation, and support of your E-rate funding request(s).

**6) Correspondence**

- a) Please provide a copy of all correspondence between your service providers and consultants and the school regarding the competitive bidding process and the application process.

If there is any other documentation that would be helpful to us in our review to ensure that you complied with the Commission's rules requiring a fair and open competitive bidding process, please provide that as well.

**Part II: Information Regarding Your Item 25 Certification**

*Overview*

To ensure that E-Rate funds are allocated appropriately, and in accordance with FCC Orders, each applicant is required to certify in Item 25 of the Form(s) 471 that: "The school(s) or library(ies) I represent have secured access to all the resources, including computers, training, software, maintenance, and electrical connections necessary to make effective use of the services purchased as well as to pay the discounted charges for eligible services." The Item 25 Certification review also looks at the applicant's ability to pay for its share of E-rate funding. In the course of the Item 25 Certification review we will ask for:

- documentation of your ability to pay for your share of E-Rate discounts and estimates of non-E-Rate eligible resources that you might use to meet this certification.
- your estimates of hardware, software, professional development, retrofitting, and maintenance investments that might not be E-Rate eligible, but are necessary to make

effective use of the E-Rate discounts you have requested.

- a copy of your technology plan.
- an estimate of the technology level of all schools or libraries within your organization following E-Rate.

If you identified additional application(s) not listed on the cover page of this document, you will also need to make an adjustment to the amounts we listed in the *Item 25 Worksheet Summary* Sections I-A and I-B. Please make the adjustment on the worksheet, initial it, and explain the adjustment when you return that worksheet.

**Instructions for Completing the Item 25 Worksheet Summary: Fax Back Page 1**

The *Item 25 Worksheet Summary: Fax Back Page 1* can be found on page 13 of this document. These instructions go with pages 12, 13, and 14 of this document. They are meant to help you complete and return those pages, and the necessary documentation noted below.

**Special note to Consortium applicants:** You have an option to provide us with the information requested below for the overall Consortium, or on a disaggregated basis with information pertaining to each individual entity listed on the Form(s) 471 Block 4 Worksheet C.

We understand that some consortia applicants do not collect the information requested in Sections I-VI below on a consortium basis. Therefore, you have the option of providing us with the requested information on a disaggregated basis. To do so, please make one copy of the *Item 25 Worksheet Summary: Fax Back Page 1* for each Block 4, Worksheet C entity (usually a school or library district). Be sure to complete the section at the very bottom of that page that identifies the entity. Note that in order to use this disaggregate method, you will also need to take the dollars that we have entered in to Section I-B and apportion them appropriately to each Block 4, Worksheet C entity.

Please also note that the FCC held in *Central Minnesota Computing Center (DA 01-776)* that consortium applicants must be able to provide information supporting the Item 25 certification for all of the members of their consortium, even if the resources are not under the direct control, or the responsibility, of the consortium leader.

Please contact the Selective Review team if you need further assistance in responding to this request on a disaggregated basis.

**Section I: Connectivity**

**Subsection I-A. Commitment Amount Requested**

We have looked at the Form(s) 471 that you filed for Funding Year 2003. We added up the commitment amounts that you requested on those Form(s) 471, by service category (the amount(s) from Form(s) 471, Block 5, Item 23k). We placed those sums next to the respective service category(ies) in Section IA, lines 1, 2, and 3 on the *Item 25 Worksheet Summary: Fax Back Page 1*. Please verify that these are the correct sums of the funding request amounts.

If your Funding Year 2003 Form(s) 471 contain duplication to account for Funding Year 2002 funding uncertainties (see Web notice "Filing Option for Applicants with Pending Funding Year 2002 Applications (1/21/03)" at [www.sl.universalservice.org](http://www.sl.universalservice.org)) and you do not see that duplication accounted for (i.e., the duplication removed) in the numbers in Sections I-A and I-B, please note that and explain in your response.

As noted above, this part of the review is based on your ability to pay the non-discounted portion of the funding that you requested on your Form(s) 471. Therefore, unless and until certain FRNs are determined to be non-fundable (e.g., the funding cap prevents funding certain requests), we are asking to see that you have budgeted for all the requests that you listed on all Funding Year 2003 Form(s) 471 that you filed for your entity.

Also note that if you have identified Form(s) 471, in addition to those listed on the cover page of this document, and those additional Form(s) 471 mean that the amounts we placed in Subsections I-A and I-B are too low, please make the adjustment on the worksheet, initial it, and explain the adjustment when you return that worksheet.

#### Subsection I-B. Form 471 Applicant's Share

In Section I-B of the *Item 25 Worksheet* you are being asked to document the funds you have available to pay for the discounted charges on eligible services. These are funds for paying your share of telecommunications services, Internet access, or internal connections costs after the discount has been applied. The FCC intentionally requires applicants to pay for a portion of their services in order to encourage cost-effective practices. For further information on your obligation to pay this amount, please see "Obligation to Pay Non-Discount Portion" in the Reference Section of the SLD website at [www.sl.universalservice.org](http://www.sl.universalservice.org). Remember that the funds to pay for your share of the E-rate cannot come directly or indirectly from your service provider.

We added up the "applicant share" of the amounts that you requested on Funding Year 2003 Form(s) 471, by service category. (The difference between Form(s) 471 Block 5, Item 23i (the total program year pre-discount dollar amount) and Form(s) 471 Block 5, Item 23k (the funding commitment request)). The applicant share is also known as the "non-discounted amount," that is, the amount that FCC rules require the applicant to pay. We placed those sums next to the respective service category(ies) in Section I-B line numbers 5, 6, and 7 on the *Item 25 Worksheet Summary: Fax Back Page 1*. Please verify that these are the correct sums of your share of the charges.

**For Section I-B of the worksheet, please include the relevant pages of your operating or facilities budget to document that you are able to pay for your share of the purchased services.** This should include not only the budget line items that you will be referencing, but also a high level summary of your overall operating budget. To allow us to conduct our review, please be sure ALL of the following are included on the budget that you fax and/or send to us:

- The name of the entity to which the budget applies (is it for a school? For a district? For one library outlet? For a library district? For a municipality?)
- The time frame that the budget covers, including a starting date and ending date (e.g., July 1, 2003-June 30, 2004)
- Place an arrow next to each fund/budget line, on BOTH the revenue and expense side of

your budget, showing where you have allocated the necessary dollars for your share of E-rate. Please write the specific amount that will come from each fund/budget line. For example, if budget line A0002 contains \$200,000 and \$100,000 will be used to pay your share of E-rate, then please draw an arrow to it and write "E-rate, \$100,000."

Please explain any discrepancies between the Form 471 Applicant Share (Section I-B of the *Item 25 Worksheet Summary: Fax Back Page I*) and the dollars you identified on the budget that you provide. Failure to do so could delay or jeopardize the processing of your funding.

Also in this section, please provide an explanation of how any budget deficits, state-funding cuts, fund-raising effort shortfalls or other uncertainties will be addressed. Particularly we are looking for assurances that such cuts or shortcomings will NOT result in cutting the financial resources that are budgeted for your applicant share. If they will, we seek assurances, which we may later verify, that an FCC Form 500 would be filed to reduce the funding requests accordingly.

Note: If you provide a final approved budget, we may verify that budget with independent sources.

#### *Draft Budgets*

If a final, approved budget is not available or is still in the approval process, we will accept certain alternative documentation as delineated below, provided a letter signed by a school or library official (e.g., superintendent, board president, chief business officer) **accompanies** the document(s).

The letter should explain (1) what phase of the approval process you are in, (2) whether your share of funding is contingent on any outside action (e.g., voter approval, board approval, state legislation, etc.) and (3) whether in the absence of such outside approval, you anticipate being able to meet your share. Also, make sure that the documentation you submit with the letter includes the same information as we requested above for a final operating budget. Please make sure that the letter identifies the specific amount that you will have available to pay your share. For example, if you have \$100,000 allocated in your budget, make sure that is noted in the letter.

In addition to the letter, we require one of the following items:

- A draft budget. Place an arrow next to each fund/budget line, on BOTH the revenue and expense side, showing where you have allocated the necessary dollars for your share of E-rate. Please write the specific amount that will come from each fund/budget line. For example, if budget line A0002 contains \$200,000 and \$100,000 will be used to pay your share of E-rate, then please draw an arrow to it and write "E-rate, \$100,000."
- A resolution of a governing Board authorizing the filing of the Form(s) 471 for a given dollar amount, for given services and/or products, and within a given timeframe. For us to consider such a resolution sufficient evidence that your entity has provided for payment of your share of E-rate, the resolution should specify the funding year, the fiscal year, or the school year during which the payment is authorized.
- A signed commitment letter to the applicant from the donor (e.g. school or library foundation), if donations (or other dollars from any contributor) are a source of funding. The letter **MUST** specify (1) the level and commitment of funds or other resources; (2) the timing of the delivery of such resources, along with a dispositive indication that the resources are for E-rate supported products/services or for items needed to effectively use the discounted services. (The indication as to the use of the resources might come from

the donor or be reflected in a Board resolution committing donations to E-rate related purposes.) While your service provider may assist you in locating bona-fide grants, the grants or outside funding organizations must be independent of the service provider.

**Subsection I-C. Amounts not covered by E-rate**

In Section I-C of the *Item 25 Worksheet* you are asked to indicate the total amount of money that you will pay during Funding Year 2003 for E-Rate eligible products/services for which you are NOT requesting E-Rate funding.

- Separate the services/products into their respective service categories (telecommunications, Internet access and internal connections) and total the results of each category.
- Enter these amounts in the *Item 25 Worksheet Summary*, Section I-C in the respective service category (Numbers 9, 10, 11).
- Sum items I-C, 9 through 11 and enter this amount in #12.

**Sections II through VI: Hardware, Professional Development, Software, Retrofitting and Maintenance**

For Sections II through VI of the worksheet, you will be asked for investment amounts in these areas for the prior Funding Year 2002 (2002-2003) and also for the investment that coincides with Funding Year 2003 (2003-2004). It is not initially necessary to document your estimates. However, in the event of a future audit, or depending on the results of our analysis, you may be asked to provide additional documentation to clarify or substantiate your estimates.

For Sections II through VI (Hardware, Software, Professional Development, Retrofitting, and Maintenance), Securing access to necessary resources for non-eligible products and services does not mean that all resources to support the purchased services must be paid for out of current year funds. Therefore, if you can demonstrate that the computers are in place, the training has occurred, or the electrical system has been upgraded as a result of investments in previous years, then those resources are available to support the purchased services. You may attach a page to the worksheet, or cross-reference the technology plan you have provided, to document that these resources are available. You may also estimate the value of donations and in-kind contributions on the worksheet, and include these values in the subtotals for each section. These can be listed on the line marked "Contributions/In Kind" for each section.

If you have submitted your E-Rate request on behalf of a school system, a library system, or a consortium, your response on these worksheets should represent the total of all of the resources available in all of the eligible entities covered by your request. For example, you would include your estimate of all of the networked computers in your school district or library system buildings that will be covered by your funding request. If, as an applicant, you have submitted multiple Form(s) 471, a single worksheet should be used to summarize the total requests for all of your Form(s) 471, and the total resources that are available to support those requests. The exception to using a single worksheet is if you are a Consortium applicant and you decide to use the disaggregate method for demonstrating compliance with your Item 25 Certification. (See the description in the box on page 4.)

## Section II: Hardware

Hardware includes computers, printers, fax machines, video equipment, scanners, CD-ROM drives, servers, etc., that are used to support and improve education or library service.

To use telecommunications access effectively for improved education or library service you should have computers that can take advantage of the resources available on the Internet. Legacy equipment (PCs below 486 or Macs below 040 processors) that cannot take full advantage of the Internet should not be included in the hardware available to support purchased services unless they can support text-based browsing (such as Macs with 020 processors or 386 PCs with appropriate software).

- In Section II-A, number 13a, please enter the number of computers connected to the Internet as of today. Also in number 13b, enter the number of computers scheduled to be connected as of June 30, 2004.
- In Section II-B, please estimate your total expenditures for hardware during Funding Year 2002 and Funding Year 2003. Enter these numbers in Section II-B, Numbers 14a and 14b.
- Estimate the value of in-kind hardware donations received during the last Funding Year 2002 and Funding Year 2003. Enter these numbers in Section II-C, numbers 15a and 15b.
- Add 14a and 15a. Enter the sum in 16a.
- Add 14b and 15b. Enter the sum in 16b.

If you have made a significant investment in technology prior to Funding Year 2002, please summarize the resources that are already in place in the section titled, *Resource Plan: Fax Back Page 2*. Please also describe any other resources to support this area that are not represented on the *Item 25 Worksheet*, but of which we should be aware. If you have applied for matching funds or grants from other sources that have not yet been approved, please note that as well.

## Section III: Professional Development

Professional Development, which is not eligible for E-rate discounts, is necessary to ensure that you are prepared to make effective use of purchased services. Professional development should provide for ongoing and sustained training for not just the technical staff, but teachers or librarians as well.

Your budget should provide for professional development that goes beyond the acquisition of generic computer skills to include mastery of technology applications specifically designed to improve teaching, learning or library service. Training that is limited to the acquisition of basic computer skills is not sufficient. Training should be coordinated with the availability of appropriate technology in the school, classroom, or library.

The following are possible professional development costs that might have been incurred by your organization: seminars and conferences; faculty hired to conduct in-service or on-site training; technology related courses attended by your staff and paid for by your organization; books and other instructional materials; and full time professional development staff. Peer

tutoring and peer monitoring is another method for delivering training, and you may include this in your estimate of Professional Development Contributions and in-kind donations. However, for these purposes, please do not include any non-technology course costs.

- Estimate the percent of your instructional or library service staff that have been trained to use technology to improve education or library services and list the results in Section III-A Staff Training Hours (the combined total should equal 100%). Please note that here we are looking for the CURRENT percentages of teacher or librarian training.
- Then estimate the value of your professional development expenditures for Funding Year 2002. Place that amount next to number 18a.
- Estimate the value of your professional development expenditures for Funding Year 2003. Place that amount next to number 18b.
- Estimate any in-kind or pro-bono professional development for Funding Year 2002. Place this amount next to number 19a.
- Estimate any in-kind or pro-bono professional development expected for Funding Year 2003. Place this amount next to number 19b.
- Add 18a and 19a. Place the sum in 20a.
- Add 18b and 19b. Place the sum in 20b.

If you have made a significant investment in professional development prior to Funding Year 2002 please summarize these resources in the section titled, *Resource Plan: Fax Back Page 2*. Please also describe any other resources to support this area that are not represented on the *Item 25 Worksheet*, but of which we should be aware. If you have applied for matching funds or grants from other sources that have not been approved yet, please note that as well.

#### **Section IV: Software**

Some software (such as productivity tools, curriculum software, library content, etc.) is not eligible for discounts, but is necessary to make effective use of the purchased services. (Software to operate a network server is eligible and would be included in Connectivity above.)

- Estimate the value of your software expenditures for Funding Year 2002. Place that amount in 21a.
- Estimate the value of your anticipated software expenditures for Funding Year 2003. Enter this amount in 21b.
- Estimate any in-kind contributions of software products during Funding Year 2002. Enter this amount in 22a.
- Estimate any anticipated in-kind contributions of software for Funding Year 2003. Enter this amount in 22b.
- Add 21a and 22a. Place the sum in 23a.
- Add 21b and 22b. Place the sum in 23b.

If you have made a significant investment in software prior to Funding Year 2002, please summarize these resources that are already in place in the section titled, *Resource Plan: Fax*

*Back Page 2.* Please also describe any other resources to support this area that are not represented on the *Item 25 Worksheet*, but of which we should be aware. If you have applied for matching funds or grants from other sources that have not been approved yet, please note that as well.

### **Section V: Retrofitting**

Retrofitting that may be necessary to make effective use of purchased services is not eligible for E-rate discounts, but it is necessary to make effective use of the purchased services. Retrofitting includes electrical wiring, asbestos removal, building modifications, renovations and repairs necessary to use the requested E-rate products and services. Retrofitting is not the costs that you incurred to upgrade your computer wiring or network hardware.

- Please estimate your retrofitting investment during Funding Year 2002. Place this value in 24a.
- Estimate your retrofitting expenses anticipated during Funding Year 2003. Place this value in 24b.
- Estimate any in-kind or pro-bono work in the area of retrofitting received during Funding Year 2002. Place this value in 25a.
- Estimate expected in-kind or pro-bono work in the area of retrofitting that you anticipate receiving during Funding Year 2003. Place this number in 25b.
- Add 24a and 25a. Place the sum in 26a.
- Add 24b and 25b. Place the sum in 26b.

If you have made a significant investment in retrofitting prior to Funding Year 2002, please summarize these resources that are already in place in the section titled, *Resource Plan: Fax Back Page 2.* Please also describe any other resources to support this area that are not represented on the *Item 25 Worksheet*, but of which we should be aware. If you have applied for matching funds or grants from other sources that have not been approved yet, please note that as well.

### **Section VI: Maintenance**

Systems maintenance and operations costs for ineligible hardware and software, and salaries of staff are ineligible for E-rate discounts. Nevertheless, they are necessary to make effective use of the purchased services (maintenance costs for E-rate eligible equipment and services, that do not include applicant staff salaries, should be included in Connectivity above).

- Please estimate your expenditures for systems maintenance and operations in Funding Year 2002. Place this value in 27a.
- Estimate your expenditures anticipated for Funding Year 2003 for systems maintenance and operations. Place this value in 27b.
- Estimate any pro-bono maintenance or the value of donated time on maintenance for Funding Year 2002. Place this value in 28a.
- Estimate any pro-bono maintenance or the value of donated time on maintenance anticipated for Funding Year 2003. Place this value in 28b.

- Add 27a and 28a. Place the sum in 29a.
- Add 27b and 28b. Place the sum in 29b

If you have made a significant investment in maintenance and operations prior to Funding Year 2002, please summarize these resources that are already in place in the section titled, *Resource Plan: Fax Back Page 2*. Please also describe any other resources to support this area that are not represented on the *Item 25 Worksheet*, but of which we should be aware. If you have applied for matching funds or grants from other sources that have not been approved yet, please note that as well.

### **Technology Plan**

Please include a copy of your technology plan in your response. Your technology plan helps us better understand the resources that are available to support the funding requests that you have submitted on your Form(s) 471.
