

I oppose any changes to the current FCC indecency standards. The FCC must continue to vigorously oppose ALL indecent content, even if brief or "fleeting".

The Supreme Court has affirmed the FCC's authority to enforce policies prohibiting indecent broadcasting content during hours when children are likely to be in the viewing or listening audience. Relaxing the current policy would not serve the public interest. In fact, relaxing the policy will accelerate the moral decay that is already occurring in the United States. The United States largest threat is not an external enemy rather it is from within.

I urge the FCC to reject all proposals that would allow for the broadcast of expletives and nudity on FCC-licensed stations.
